

# 2016 Scott County CHNA & HIP

[Community Health Needs Assessment  
& Health Improvement Plan]

## Public involvement

The community is asked to participate in a **community survey** to provide input on health needs.

## Data gathered on community needs

900+ telephone surveys to learn about health behaviors and status

Secondary data gathered to help inform of the community's health status

3 stakeholder input sessions to discuss and prioritize community needs

Health Needs  
Prioritized

56 Initial Needs Identified

Round 1 → 16 Needs

Round 2 → 7 Needs

Final 4 Needs

May 2015

July 2015

# Scott County Health Improvement Plan (HIP)

## \* Final Needs:

Increase access to  
mental health care

Promote  
healthy living

Address obesity

Access to  
medical providers

## Goals:

Increase  
collaborations to  
address access

Develop and adopt  
worksite wellness  
programs and  
policies

Implement a  
cross-sector health  
promotion campaign  
on healthy living

Increase access to  
medical providers for  
under-insured,  
uninsured, or with  
Medicaid health  
insurance

Increase training and  
education regarding  
mental health  
resources and  
information

Implement a  
cross-sector health  
promotion campaign  
on healthy living

Promote wellness  
policy and  
environmental  
improvements in  
communities and  
worksites

Promote school  
wellness policies
