Wapsi River Environmental Education Center

About the Sponsorship Program

The Wapsi River Center is home to several species of animals. A very important part of environmental education at the Wapsi River Center revolves around the live animal ambassadors. Each year, thousands of individuals come to learn about the wild animals that are found in the region and our animal ambassadors. In cooperation with our *Friends of the Wapsi Center* volunteer group, a sponsorship program was designed to meet the special needs required to maintain the animals that reside at the Wapsi River Center.

Annual Ambassador Sponsorships

Amphibian	\$20
Snake	\$30
Turtle	\$30
Fish Aquarium	\$30
Raptor	\$50
Wild Bird Feeders	\$50

IF YOU WOULD LIKE TO SPONSOR AN ANIMAL FOR AN AMOUNT THAT IS DIFFERENT THAN LISTED, ANY AND ALL DONATIONS ARE ACCEPTED AND APPRECIATED.

Eastern Hognose Snake

Schools, classrooms, youth organizations, families, and individuals are encouraged to join and sponsor an animal.

Upon sponsoring an animal, you will receive a packet of information containing:

- A fact sheet of the animal with photographs of the animal
- A certificate of appreciation
- Recognition of sponsorship on the animal's enclosure at the Center

If you are interested in donating items appropriate to the care of our animals, please contact a naturalist at the Wapsi River Center.

Bird Feeder Sponsorship

Help fill our bird feeders at the nature center! This provides a great opportunity for visitors to view wildlife. You may donate birdseed, gently used/new feeders, or funding to purchase bird food. Please indicate Bird Feeders on the sponsorship form.

About the Animals

Each animal at the Wapsi River Center serves as an ambassador of its wild counterpart. Their job is to promote a better understanding of wildlife, conservation, and impacts humans have on wildlife. Each animal has a different background and reason why it resides at the Wapsi River Center. The naturalists take great care of the animals by providing healthy diets, vitamins and minerals, enrichment, and exercise. If you have any questions regarding our animals or would like more information about them, please contact a naturalist at the Wapsi River Center.
